

## Goals / Definition

### Update the Design and Development Plan

Establish and maintain plans that: (1) Describe or reference design and development activities. (2) Define responsibility for implementation. (3) Identify or describe interfaces with different groups or activities. (4) Review, document, update and approve plans as design and development evolves.

CRITERIA	SAMPLE CONTENT REQUIREMENT	GUIDELINES FOR LEVEL OF DETAIL NEEDED AT EACH GATE
▪ Design and Development Plan updated	a) Updated Design and Development Plan as data / information becomes available at the appropriate points in the development stage
